EXCLUSIVE FLOORING

We hereby confirm that the laminate flooring collection

**penthouse**  
**loft**  
**suite**  
**studio**

for installation in wet rooms (e.g. bathroom, kitchen, corridor and entrance area) are suitable.

When professionally installed in accordance with the guidelines for damp rooms, we provide a guarantee in accordance with the **rooms** conditions.

### FROM NATURAL RAW MATERIALS

---

Only fresh pine wood from ecologically managed forests is used to produce the carrier boards.

### CHILD & PET FRIENDLY

---

The natural product is particularly suitable for children and pets who have a lot of contact with the laminate flooring: It easily forgives the odd mishap.

### DAMP TO CLEAN

---

Laminate flooring is usually cleaned with a damp cloth. Collections with moisture protection can be cleaned easily with a damp mop.

### SUITABLE FOR HUMID ENVIRONMENTS

---

Laminate flooring with moisture protection is suitable for bathrooms, kitchens, hallways and entrance areas.

### EASILY INSTALLED

---

The 5G-Clic system makes the rooms floors even easier to install.
